

To: Applied Test Systems Customers / Potential Customers:

It is with great pleasure that I announce that Applied Test Systems (ATS) has formed a partnership with HGI Lab, LLC (HGI). HGI has a longstanding history of manufacturing and servicing high-quality pipe testing equipment and accessories throughout the world.

ATS and HGI will work collectively to ensure that there is no interruption to your business and its needs. Be assured that you will receive the same level of professionalism from the existing ATS and HGI teams. We will continue to provide unmatched testing and business solutions for your pipe testing needs. We will also bring some new capabilities to the table.

ATS and HGI will maintain our joint extensive history of manufacturing and servicing the highest quality pipe testing equipment. We are excited about this partnership and the possibilities that will be created by our relationship. ATS and HGI will remain worldwide industry leaders in the manufacturing and servicing of high-quality pipe testing equipment and accessories.
