ATS / HGI Partnership:

We are excited to reveal our partnership with HGI Lab, LLC! HGI has a long history of supplying high quality pipe testing equipment. This is a great opportunity for HGI and ATS moving forward, in the pipe testing market.

Please Read the Full Announcement Here: [ATS / HGI Announcement Letter](#)

Employee Announcements:

Tawn Harshall / **Jeff Miller**

We are pleased to announce the promotions of **Tawn Harshall** and **Jeff Miller**. Tawn has been with us for five years, his niche has been on our heat processing test equipment. Tawn's attention to detail and ability to quickly pinpoint specific needs, makes him invaluable to ATS. While Jeff has been at ATS for over a decade and has been entrenched in sales during his tenure. Using his knowledge on the technical side of products to provide a detailed understanding on our wide variety of products.

With that being said, it is with great excitement that ATS would like to announce these two individuals with new roles moving forward! Jeff Miller will transition to the role of Inside Sales Manager. Tawn Harshall will become our Product Manager of Heat Processing Equipment. Congratulations to both Jeff and Tawn!

Sharon Westberg / Scott Siddall

Applied Test Systems would also like to welcome two new members to our team. **Sharon Westberg** and **Scott Siddall**. Sharon now has the role of Quality Inspector. She will oversee our manufactured products and make sure they comply with customer and industry standard specifications. Scott is now the Marketing Manager. He will provide any and all materials on the marketing side for ATS, including literature, presentations, website updates, social media campaigns and advertising.

Marketing Material:

In need of any ATS information? Please contact Scott Siddall for any ATS marketing needs! He can be contacted at +1.724.283.1212 Extension 121 or ssiddall@atspa.com. Scott can provide custom marketing material upon request.
